README

Electricity Billing System

This is a GUI made using Java Swing. It lets User perform multiple operations like:-

- 1- User can Create his Personal login for security purposes.
- 2- User can Add customers and Calculate their Electricity Bill.
- 3- User can Pay Electricity Bills.
- 4- User can Generate Bill.

About Project:

This Java application was created using IntelliJ J . Additional library was added for the support of JDBC (Required to setup the connection between the Database and Java Application). It contains 9 different classes which works together to create a better user experience .

- > Splash Screen class
- > Login Screen class
- > Main System class
- > Add Customer class
- > Pay Bill class
- > Generate Bill class
- > Show Details class
- > Last Bill class
- > Connection Setup class(JDBC - MySQL)

Database (MySQL)

Database for this Electricity Billing System contains 4 Tables

- > Login Table (UserName, Password)
- > Bill Table(MeterNumber, Units, Month, Amount)
- > Emp Table(Name, MeterNumber, Address, State, City, Email, Phone)
- > Tax Table(MeterLocation, MeterType, PhaseCode, BillType, Days, MeterRent, MCB_Rent, ServiceRent, GST)

Java communicates with MySQL tables using JDBC which stands for Java Database Connectivity.

Login

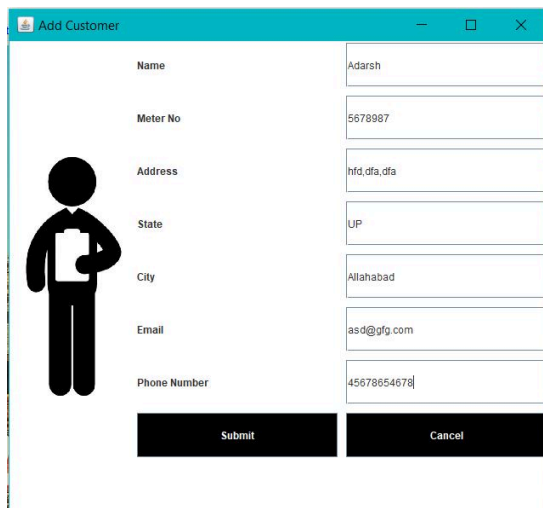

The Login Page window features a teal header bar with the title 'Login Page'. On the left, there is a logo of a purple hooded figure with arms crossed, with the text 'LOG-IN' and 'ELECTRICITY BILLING SYSTEM' below it. On the right, there are two input fields labeled 'User Name' and 'Password'. At the bottom, there are two buttons: 'Login' with a yellow arrow icon and 'Cancel' with a red X icon.

Main Page

The Main Page window has a teal header bar with the title 'Electricity Billing System' and a menu bar with 'Master', 'User', 'Report', 'Utility', and 'Exit'. The main content area is split into two sections. The left section shows a background image of a wooden cabin with the text 'Thank you!' in a large, stylized, red and white font. The right section has a blue background with the text 'Features:' followed by a list of seven features: 1- Add Customer, 2-Customer Details, 3- Login Security, 4-Database Connectivity, 5-Generate Bill, 6-Pay Bill, and 7-Splash Screen.

Add Customer

The Add Customer window has a teal header bar with the title 'Add Customer'. On the left, there is a black silhouette of a person holding a clipboard. To the right of the silhouette are seven input fields with labels: 'Name' (Adarsh), 'Meter No' (5678987), 'Address' (hfd, dfa, dfa), 'State' (UP), 'City' (Allahabad), 'Email' (asd@gfg.com), and 'Phone Number' (45678654678). At the bottom, there are two buttons: 'Submit' and 'Cancel'.
